

Ralph Lauren Unveils New Timepiece The Ricky Pinstripes Bear

New York, New York,
February 10th 2025

Ralph Lauren is proud to introduce the latest addition to its women's timepiece collection with The Ricky Pinstripes Bear, capturing the essence of sophisticated Hamptons style.

The Ricky Pinstripes Bear showcases a fresh interpretation of Ralph Lauren's beloved Polo Bear, elegantly attired in a crisp pinstripe suit that embodies classic American sportswear and Hamptons refinement. The intricate 3D-printed bear motif on the dial adds a distinctive touch of whimsy and personality to the timepiece, continuing Ralph Lauren's tradition of combining playful sophistication with timeless design.

The Ricky Pinstripes Bear seamlessly marries sophistication with functionality, with its interchangeable strap feature to customize the look to suit any occasion. The 38 mm case features a closed back which not only enhances the watch's durability but also ensures water resistance, allowing for seamless transition from work to leisure. Powered by a reliable automatic movement, The Ricky Pinstripes Bear boasts a 38-hour power reserve.

The Ricky Pinstripes Bear will be available for purchase at \$1750 at select Ralph Lauren stores worldwide and online at [RalphLauren.com](https://www.RalphLauren.com) starting Spring 2025.
